### Section E: Principle-wise Performance

#### Principle 1

#### Business should conduct and govern themselves with Ethics, Transparency and Accountability

**a. Does the policy relating to ethics, bribery and corruption cover only the Company? Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?**

The Company, as a part of the Reliance Group, has adopted the Group Code of Ethics and Business Policies governing conduct of business of the Company in an ethical manner. The Company encourages its business partners to follow the code.

The Company also has a grievance redressal mechanism and a whistle blower policy which enable its employees to raise concerns to the Management.

The Board of Directors of the Company has adopted a Code of Conduct (Code) which applies to the Directors, Key Managerial Personnel and the senior management of the Company. The Company obtains an annual confirmation affirming compliance with the Code from the Directors, Key Managerial Personnel and the senior management every year.

Business Responsibility Report

**b. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?**

The Company has received 42 Complaints from the shareholders during the financial year 2019-20 and there were no complaints pending as on March 31, 2020. The details of this are provided in the section on Investor Relations.

**Principle 2**

**Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle**

**1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):**

- (a) Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain?**
- (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?**

The Company is one of the leading service providers for Engineering and Construction services providing services in integrated design, engineering and project management services for undertaking turnkey contracts including coal-based thermal projects, nuclear power projects, gas-power projects, metro rail and road projects.

Through its Special purpose vehicles, the Company is into infrastructure business covering toll roads and Mumbai Metro and also in power distribution.

In the construction of highways & structures, following are some of the initiatives taken by the company to achieve cost efficiency and reduce the consumption of energy and other raw materials:

- i. Use of fly ash in high embankment to help reduce air pollution.
- ii. Deployment of adequate capacity plants and crushers to enhance productivity.
- iii. Using crushed sand in lieu of natural sand where ever cost of natural sand is very high.
- iv. Execution of large span structures with precast Members.
- v. Using Reinforced wall construction instead of RCC retaining wall, leading to large economy in construction cost.

In case of Mumbai Metro, the following initiatives are taken.

- 1. Rooftop solar power generation – The solar power is used as an alternate to meet the auxiliary power requirements which resulted in reduction of non-renewable energy by 12.72% of total electricity consumption. The Solar Panels have been installed on the roof-top of all 12 Metro Stations and at Metro Depot.

2. IT tools – These tools are being used internally to maintain our database, by which we reduced the paper consumption by almost 25 to 30%.

3. Water harvesting and recycling has resulted in reduction of water requirements by 8 – 10%. Mumbai Metro has waste water treatment plant to recycle water which is used to wash rakes/ metro trains and purposes at Depot. The recycling of about four lakh litres of water is done every day. In addition, the rain-water harvesting is done at Metro Depot for conservation of rain water and use thereof.

**2. Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.**

Yes, the Company has procedures in place for sustainable sourcing. In fact, the Company encourages its vendors, contractors and suppliers for effective implementation of the same by including Environmental, Health & Safety and Sustainability clauses in all its Purchase Orders and Work Orders.

As part of sourcing strategy, our priority is to source local raw materials like sand, stone aggregates etc. for construction of Roads, Structures and Toll Plazas. In addition, we strive to design and construct sustainable projects which incorporate conservation measures, continuous monitoring of environment and use of resources that are environment friendly, adoption of green technologies and deployment of fuel efficient plants and machineries. Our aim is to make efficient use of natural resources, eliminating waste, recycling and reusing the material to the extent possible without compromising quality and safety. Our priority is to use locally available raw materials and engage local labour for construction and O&M activities.

At Mumbai Metro, we are sourcing the 12.72% of electricity consumption from our in-house rooftop solar power. In addition, saving of 6% in auxiliary consumption is achieved by fitting the LED lights.

**3. Has the Company taken any steps to procure goods and services from local and small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?**

Yes, the Company makes continuous efforts to develop and maintain local small time vendors in order to have timely delivery with optimum cost and best quality. Several steps are taken to procure goods and services from local and small producers including public advertisements in local news papers.

The Engineering and Contract (E&C) Division of the Company, as part of sourcing strategy, gives priority to sourcing of local raw materials like sand, aggregate etc., for construction of Roads and Power Projects. We procure locally available goods suitable for construction of project facilities and engage local contractors for Housekeeping and Security services. In addition, employment to local youth is provided in various functions in all our Regional Offices and Toll Plazas. At our project sites, we deploy manpower from the local community and smaller

## Business Responsibility Report

contracts are awarded to local contractors. We are regularly interacting with vendors and educating them about Quality standards and their importance to enhance their approach and understanding of support functions. We also provide bigger opportunities to enhance the capability of local contractors / service providers.

**4. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%).**

Through Environment Management System ISO 14001, the E&C Division takes steps to increase our waste efficiency. Fly Ash bricks are used to reduce carbon foot print. Also, use of fly ash in ready mix concrete (batching plant) helps in protection of environment by partly replacing cement, production of which entails energy consumption and CO2 emissions.

All the wastage at Reliance Centre Santacruz are either reused or recycled. For example, Food wastes are reused by converting into manure through in-house vermicompost machine. Other wastes such as paper/cardboard, hazardous wastes, electronic wastes are recycled through authorized recyclers.

Our philosophy is to reduce waste and make efficient use of raw materials during construction of roads and other E&C Projects. We use recycled bitumen aggregates (amounts to about <5%), while we do not compromise on high quality standards and safety of roads.

At Mumbai Metro, there is a system of selling the scarp and waste to approved vendors who can recycle the products and waste. Also, about 4 lakh litres of water is recycled from total water consumed for train washing.

- Federation of Indian Chambers of Commerce and Industry

- b. **Have you advocated/lobbied through above associations for the advancement or improvement of public good? If yes specify the broad areas.**

The Company periodically takes up matters concerning statutory and regulatory issues as also policies and reforms in the infrastructure sector through associations and chambers of commerce.

### Principle 8

**Businesses should support inclusive growth and equitable development**

- a. **Does the Company have specified programmes / initiatives / projects in pursuit of the policy related to Principle 8? If yes, details thereof.**

Yes, the Company has specified programmes / initiatives / projects for pursuing its Corporate Social Responsibility (CSR) policy.

During the current year, due to losses, the company has not spent any amount on CSR Activity. However, the Company's Subsidiaries have carried out the CSR Activities which are in line with the Company's CSR mandate.

As part of the CSR mandate, the Company focuses on three key Thematic areas – Education, Healthcare and Rural Transformation (which includes development of infrastructure facilities, skill building and promotion of sustainable livelihood, improving the socio-economic status of women and the youth) and two cross-cutting themes which cut across all our social endeavours, that is Environment and Swachh Bharat Abhiyan (Sanitation).

The organization focuses on its endeavour to bring about a tangible change in the lives of people living in rural, underprivileged areas.

Corporate Social Responsibility (CSR) Policy of the Company aims at achieving the equitable development. Since locations of the projects are in economically and socially backward locations of India, it is a constant endeavour to include the local community as a critical stakeholder in the inclusive measures initiated by the Company.

In the last one year, the Company, through its subsidiaries, has undertaken several initiatives to support inclusive growth and equitable development for social and economic betterment of the community through several CSR programmes and active participation from enthusiast employee volunteers. Below are key endeavours undertaken by the Company during the year 2019-20:

#### i. Education

Education is the basic tool to bring development to an area and its population. We at the Company aim at building the required environment and infrastructure to create a pool of human resource both within and across our area of operations.

The Company's Subsidiaries, through NGOs are contributing in the field of education through Adult literacy centers, Mahila Shiksha Kendra – Women Literacy Centers for literacy enhancement in low income residential clusters, vocational training facilities, Awareness programme on Road Safety to highways to create awareness on road safety, book distribution for under privileged children in remote areas, etc.

#### ii. Healthcare

A vision to strengthen healthcare systems in the communities we serve and empower individuals to make informed choices has enabled us to implement programme on community health with special focus on health of elderly, women and young ones through our various programmes.

Initiatives involving health camps, Eye Screening camps and other preventive care medical camps are organized by Delhi discoms and Toll companies in and around their locations. Health checkup camps with a major focus on eye screening were organized at schools in the nearby villages and at some of the toll plazas.

A number of Blood donation camps were organized by the Company as well as its subsidiaries during the year. Pulse Polio Immunization programs were organized at toll plazas on the highway stretch.

#### iii. Rural Transformation

We have been working on transforming the rural terrain with a focus on promoting social security, parameters pertaining to human development and supporting environment. Since locations of the projects are in economically and socially backward locations of India, it is a constant endeavour to include the local community as a critical stakeholder in the inclusive measures initiated by the Company.

## Business Responsibility Report

During the year, the CSR interventions undertaken under this thematic area covers Tobacco De-addiction program, Self defence training program for school girls, various activities for women empowerment like Mahila Panchayat, environment cleanliness, literacy, domestic violence, Celebration of Daan Utsav & Giving Tuesday with the theme "Empowering Women & their Safety" where more than 2.5 lakh commuters were benefitted, etc.

### iv. Sanitation

Our approach towards Swachh Bharat Abhiyan lies in creating an enabling environment which is brought about by the following two focus elements that is access to Sanitation hardware i.e. improved systems, facilities, technology and infrastructure and improved hygiene practices and behavioral change.

At the core of these initiatives lies the need to engage with the employees and promote volunteering to sensitize, to induce adult behavioral change and to promote sustained interventions and ownership amongst the participating teams. Cleanliness drives were conducted around the neighboring localities with an objective to create a clean and healthy work place. At the toll plazas, 'project highway' was initiated for creating awareness on cleanliness and hygiene by putting Placards and Signage's in Public areas for not spitting, littering, placements of dustbins, maintenance of toilets and way side amenities / user facility to encourage commuters to use them and not to spoil the Highway or Toll Plaza area. Other sanitation activities conducted include Renovation of toilets in Govt. schools, Maintenance activity and upgrading the sanitation facilities at Crematoria areas etc.

### v. Environment

The imperative is to use natural resources efficiently to leave a minimal carbon footprint and impact on biodiversity across our business value chain. The group strives to develop and promote processes and newer technologies to make all our products and services environmentally responsible. The philosophy behind is to create a sustainable eco-sphere of low carbon economy by following the 5R guidelines of Reduce, Reuse, Recycle, Renew and Respect for the environment and its resources through the entire supply management.

Apart from introducing and adopting green technologies across the business, we give due impetus to the need to green the ecosphere in which we operate thereby sequestering carbon emissions by planting saplings.

The Union Ministry of Road Transport and Highways has framed the Green Highways (Plantation, Transplantation, Beautification and Maintenance) Policy-2015 with a vision to develop eco-friendly National Highways with participation of concerned stakeholders. Under this Policy, we have undertaken plantation and landscaping work activities in operational projects. For the projects under development, the avenue plantation and median plantation are being done as per the direction of NHA. The

Company's road business has covered approximately 630 kms of area under avenue plantation and approximately 500 kms under tree plantation in the median plantation and the same is maintained regularly.

Mumbai Metro One has partnered with CityFlo, an App based feeder bus service and Uber Auto for providing last mile connectivity to commuters. MMOPPL launched MyByk, a public bike-sharing services from Jagruti Nagar metro station with support from MMRDA, WRI & Toyota Mobility Foundation which will encourage Mumbaikars to shift to eco-friendly mode of transport as feeder services which is decongest the city & reduce pollution.

To summarize, the Company and its subsidiaries have lived up to their responsibilities as corporate citizens and have endeavoured to bring about an all round transformation in the vicinity of the project sites for the common good of the needy and the under privileged.

### b. Are the programmes / projects undertaken through in-house team/own foundation / external NGO / government structures /any other organization?

While the Company and its subsidiaries undertake most of the CSR projects and initiatives through its own team or through Group initiatives, some of the projects are conducted in association with external organisations on need basis. The CSR efforts, mentioned in the programmes specified above are implemented through delivery mechanisms comprising of employees, local bodies, non-governmental organizations, not-for-profit entities and government Institutions to mention a few. The interventions are carried out in tandem with the Government bodies to meet the social mandate for the earmarked communities. The execution of the programme under the thematic heads, viz. Education, Healthcare, Rural Transformation, Environment and Sanitation are carried out with the support from development sector organizations, Institutions apart from implementation through respective CSR teams. Employee volunteering also acts as a critical implementing arm across our earmarked locations. Induction of employee volunteers and their contribution towards meeting our CSR mandate on a sustained basis has enabled us to not only inculcate the tenets but also ensure sustainability and continuous technical support to the projects.

### c. Have you done any impact assessment of your initiative?

With a view to enhancing the effectiveness of the CSR projects and initiatives, success parameters both on qualitative as well as quantitative terms are embedded during the programme plan. These parameters are evaluated through the programme and feedback obtained on regular basis from the concerned stakeholders, including the target beneficiaries of the CSR projects. The data is collated and appropriately analysed for refining future CSR projects.

Also, impact analysis of each and every CSR activity is carried out on a regular basis.

**d. What is your Company's direct contribution to community development projects? Provide the amount in INR and the details of the projects undertaken.**

Due to the losses incurred in the previous year, the Company has not spent any amount on CSR Activities during the year. However, the Subsidiaries of the Company have contributed through various CSR initiatives under the thematic heads viz. Education, Healthcare, Rural transformation, Swacch Bharat Abhiyan and Environment.

These projects are directly intended for improving the quality of life of community with well designed strategies of replicability, scalability and sustainability, which are owned by the community. The details of such programmes, initiatives and projects carried out by the Company in the past years are furnished in the CSR Report as an annexure to the Directors report.

**e. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words or so.**

Yes, engagement of the community is paramount for sustaining a programme on ground. We ensure engagement of the community at the very planning stage and thereafter inducting them at the implementation level. This not only ensures acceptance of the programme on ground but also its continuity and sustainability.

We believe our role as Enablers can promote dynamic development by creating synergies with our partners in growth and success: the communities. We are committed to augmenting the overall economic and social development around the local communities where we operate by discharging our social responsibilities in a sustainable manner. The interventions have been aligned with that of the government mandate both at the local as well as the state level. We have been working in the direction of creating meaningful partnerships through series of engagements and transparency in our processes across board. This is undertaken by initiating meaningful grassroots participation with local bodies / institutions / NGOs to support and augment interventions in areas undertaking Stakeholder Engagement to identify their perceived needs.

**Initiatives in handling COVID-19 pandemic:**

The unprecedented crisis caused by the global pandemic COVID-19, impacted our citizens and shattered many livelihoods. Reliance Group is committed to continue to provide essential services without interruption during this lockdown period. Our Delhi Distribution business complimented the Governments efforts through Distribution of face masks, sanitizers, disinfectant solutions and soaps to the needy, Distribution of dry rations (rice, flour, pulses, cooking oil etc.) to poor people, Providing PPE kits (Personal Protection Equipments) to the doctors

and para-medical professions. The Roads business, was in the frontline of providing support to the people impacted and distribution of food to needy along the stretch of the toll plaza was undertaken. Along with this, to ensure that our frontline warriors of security were safe and secure, distribution of PPE equipments to Police officers near the toll plazas was undertaken.

**Principle 9**

**Businesses should engage with and provide value to their customers and consumers in a responsible manner**

**a. What percentage of customer complaints / consumer cases are pending as on the end of financial year?**

Not applicable to the Company's nature of Business.

**b. Does the Company display product information on the product label, over and above what is mandated as per local laws?**

The Company does not deal in any specific branded product.

**c. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year.**

No.

**d. Did your Company carry out any consumer survey/ consumer satisfaction trends?**

The Company and its Subsidiaries take various initiatives for ensuring customer satisfaction. The Delhi Discoms conduct various customer meets like 'UtkrisheSahabhagi meet', 'Aapke Dwar Meet' to ensure one to one contact with the customers to understand their needs in a better manner. It also provides upgraded call centre facility, mobile and whatsapp services, Chatbot on the website of their respective Companies and other social media to ensure customer feedback.

Feedbacks from commuters are obtained at all our Toll Plazas and we strive to improvise our services based on the feedback received.

The Company's Registrar and Transfer Agent KFin Technologies Private Limited renders investor services to the investors with regard to matters related to the shares and dividend payments. KFin services investors through its network of around 400 branches and has dedicated investor helpline number 1800 4250 999. The feedback received from the shareholders indicate that they are satisfied with the services being rendered.

The Company would continue to contribute actively to community welfare activities and take up initiatives and measures for the upliftment of various segments of the society.
